Hossein Mohebbi

Flutter Developer | **WordPress Developer**

Flutter developer with **2+ years** of experience building apps with Clean Architecture, BLoC and GetX, including an **internal app used by around 300 employees, co-developed for an insurance company**. Also develops and optimizes multilingual WordPress websites. MSc Information Technology student at Eastern Mediterranean University.

2+ years
Flutter experience

51 → 75
mobile PageSpeed · desktop 81 → 97

4 languages
WordPress site, Persian RTL

EXPERIENCE

WordPress Developer
Luxury Life Property Cyprus · 04/2026 – Present · Famagusta

- Develop and maintain the company's real estate website in **4 languages** (English, German, Turkish, Persian) with complete RTL support for Persian, using WordPress, Elementor and WPML.
- Lead the multilingual side with WPML: translation workflow, language switching and right-to-left Persian layout.
- Improved the homepage's median PageSpeed Insights scores, together with a colleague, to **75 on mobile** (from 51) and **97 on desktop** (from 81) through caching, font, image and JavaScript optimization, without changing the visual design.
- Own page design, content updates and on-page SEO across all language versions.

Freelance Flutter Developer
Remote · 2024 – Present

- Build apps from a single Flutter codebase, structured with **Clean Architecture** and **BLoC** or **GetX**.
- Integrate REST APIs, Firebase Authentication and Storage, Supabase and PocketBase, with local data persistence using Hive and SQLite.

IT Support & Application Developer
Karafarin Insurance · 11/2024 – 12/2025

- **Co-developed an internal Flutter app from a single codebase**, shipped as an **Android app and a web-based PWA (Flutter Web) for iPhone users**, used by around 300 employees across the company and connected to its servers.
- Helped replace paper-based office workflows with digital processes in the app, working closely with the web team.

Flutter Developer Intern
Amooznegar Academy (formerly Android Iran) · 07/2024 – 12/2024

- Designed and built **5 training apps** during the Senior Flutter Developer course: video streaming, music & radio, online store, notes and wallpapers.

IT Support & Network Technician
Karafarin Insurance · 2016 – 10/2024 · Provided help desk support and configured and troubleshot office networks

COURSES & CERTIFICATES

Senior Flutter Developer (52-hour course) · Amooznegar Academy · 2024 · Certificate

MCITP Training Course (Windows Server)
